

Coil Cleaning Line

Coil Max® Coil Cleaner has an indefinite shelf life when sealed and effectively cleans and prevents corrosion on evaporator and condenser coils. Each 11.25 oz. container is equivalent to a gallon of 6:1 concentrated liquid coil cleaner, saving storage space and reducing shipping costs. Its lightweight design ensures cost-efficiency and precise stocking, optimizing inventory management. Environmentally friendly, Coil Max® also prevents hazardous spills, protecting facilities and inventory from damage and regulatory issues.

Coil Blaster Solvent® is a versatile aerosol solvent that quickly cleans and degreases HVAC/R coils, dissolving dirt, grease, oil, and build-up. It evaporates rapidly, leaving no residue and requiring minimal cleanup. Its nonflammable, nonconductive formula is safe for use around live equipment and contains no ozone depleters.

Green Stuff™ is a powerful blend of alkaline detergents and penetrants, ideal for degreasing, cleaning, and brightening condenser and evaporator coils, fins, and other surfaces. Use it monthly or as needed to remove grease, oil, and dust. Nonflammable and non-oily, it works well in water with up to 500 ppm hardness and is effective on heavy grease and oily dirt. Its biodegradable surfactants ensure easy rinsing, making it perfect for evaporator coils.

HD Jet Foamer™ provides high-performance coil cleaning with an aerosol foam detergent, suitable for various coils like window AC units, rooftop systems, and auto radiators. This water-based, nonflammable formula, free of chlorinated solvents and ozone depleters, dissolves dirt, grease, and oil. Fortified with corrosion inhibitors, it ensures metal longevity and is safe for drain pans and surrounding materials, offering a convenient, self-rinsing solution.

Coil Brite™, with its indefinite shelf life, eliminates shelf longevity concerns. Its acid-based formula and controlled foaming action thoroughly cleans and rejuvenates coils. Each 14 oz. container equals a gallon of 6:1 concentrated liquid cleaner, saving space and reducing storage needs. Lightweight and cost-efficient. Easy rinse. Mild Odor.
